Dear Marlyna:

On behalf of the school, I thank you for informing us of your wonderful accomplishment! I am so happy to read about your success and that you attribute it in part to your ICS Canada program. Indeed, we are very honoured to have had a measure in your success.

Personally, as a student of World War II, I always find that the most informative records of the events are the personal narratives of those individuals who experienced them first-hand. These are the important stories that become a treasured archive of everything that transpired during the times and are vital to our historical record.

I want you to know that the Penn Foster/ ICS Canada bookstore is in the process of purchasing The Living Past for sale to our present students. I am certain that it will prove to be an inspiration to all.

Thank you once again for writing to us and the best of success with the Saratoga Springs exhibition and with your career!

Sincerely,

Michael Savich
